

COOKIES

Updated 11.10.2018

This cookie policy explains how we, Silvasti Group, use cookies on our web services. This policy gives you description how, when and why we use cookies. Our web services include www.silvasti.com and www.fnor.dk. You can find link to this cookie policy from all our websites.

1. General information about cookies

We use cookies to better understand how our website operates and how it is used and to give users unique user experience. We also want to enhance and make our website more user friendly. We do not use cookies to collect personal information and we do not relay such information to a third party.

2. What kind of cookies we use and how?

Google Analytics

We use Google Analytics to collect information how our website is used. We collect information to ensure that our website structure gives users information they need, and they can easily find it. We also use information to see what areas need further enhancements.

Google analytics saves data about your use of our web services, such as pages visited, for how long you stayed, where you came from and clicked links.

Leadfeeder, LinkedIn

We use cookies to register, measure and develop possible client marketing and to identify companies visiting our website.

Controlling cookies

You can accept, remove or reject cookies in your browser. Please note that rejecting cookies may limit website functionality and user experience. Settings for administering cookies varies from browser to browser, please visit help section of your browser for more information.

More information about cookies can be read for example from aboutcookies.org or Finnish Communications Regulatory Authority web page
